

WILLIAM PATERSON UNIVERSITY
COTSAKOS COLLEGE OF BUSINESS
DEPARTMENT OF ECONOMICS, FINANCE AND GLOBAL BUSINESS
BUSINESS STATISTICS II, ECONOMICS 2110
DR. MALINDRETOS
COURSE OUTLINE –

I.CATALOGUE DESCRIPTION.

This course is a continuation of Economics 2100, Business Statistics I. The course covers one sample and two sample tests of hypothesis, ANOVA, univariate and multivariate regression analysis. It also covers non-parametric tests such as Chi square application and the analysis of ranked data. Other topics, which may be covered are time series analysis, forecasting, decision analysis and quality control

This course is the second course of Statistics for all students in the business program.

II. PREREQUISITES

A. Economics 2100 or Math 1300

III REQUIRED MATERIALS.

A. Textbook.

Douglas A. Lind, William G. Marchall and Samuel A. Whaten, Statistical Techniques in Business and Economics, 1McGraw Hill, 2018.

ISBN 101260248925 ; ISBN 13 97812602489
